1968 TOMAHAWK

**Presented by the
Senior Class
Pacolet High School
Pacolet, South Carolina**

Brenda Willis, Editor

Charlene Pearson, Assistant Editor

1968 Tomahawk dedicated to Mr. Bill Coker

In the years he has been at Pacolet High Mr. Bill Coker has set a record for planning, producing, advising, and performing. He has served in numerous positions from yearbook advisor to chapel organist. This year Mr. Coker is head of the English Department and teaches classes of senior and ninth grade English. As a senior sponsor he supervises many activities, including the Halloween Carnival entertainment, the class ring ceremony, and graduation. His interest in dramatics is expressed in his position as director of both the Junior and Senior plays. Very talented in music himself, he directs the chorus several days a week and presents choral concerts for special occasions. His wit and helpfulness endear him to the student body and faculty he serves so well.

We admire his intellect and scholarship; we appreciate the challenge of his conviction that Pacolet High students are capable of high scholastic achievement; we are grateful for his sincere interest in our needs for success and for the standards he has helped to establish and maintain as head of the English Department and teacher of Senior English—for these reasons the yearbook staff and Senior Class affectionately dedicate this 1968 edition of the TOM-AHAWK to MR. BILL COKER.

Trustees and superintendents set district policies

BOARD OF TRUSTEES: Mr. Jack Key, Mr. William Trent, Mr. Oren Robinette, Mr. C.W. Dearybury, Mr. Aaron Thornton, Mr.

Lep Kirby, Mr. Roy Petty, Mr. Frank Lancaster, Mr. Walter Greene. Not pictured, Mr. Melton Gardner, Mr. W.B. Moore.

Stick around.

One of the best things about growing up in this area is that you never have to leave it. Because its economy is growing by leaps and bounds, producing new job opportunities in both business and agriculture. Too, you'll find technical and higher education facilities second to none. So, come graduation time, stick around. You won't find a better place to live, work, and play.

Hawthorne

A word from the editor . . .

What is a yearbook? It could be defined as merely a "Pictorial record of a year's activity," but such a simple definition hardly encompasses the scope of the finished product. The theme of the 1968 TOMAHAWK is "Pacoret High on the go", and we have tried here to reflect, in a sort of stop-action, the movement of a school year. Our purpose as students is to change. With each new fact we learn, each new technique we master, and each new idea we encounter, our concept of the world broadens, as we progress academically. Some movement in our lives is not nearly so conscious. Each day we meet social situations which, no matter how seemingly unimportant, move us just a little farther along toward a better understanding of ourselves and our classmates. It is doubtful that we will ever again be quite so involved with such a volume of motion as we are as high school students. As a group we are constantly challenged and stimulated by a year's academic and extra-curricular activity. We study new courses, cheer our teams, plan social events, make new friends and strengthen old bonds, participate in club and class projects, and do our very best to keep our school "on top", and, as individuals, we grow. Such is the movement we have tried to capture and preserve in the pages of the 1968 TOMAHAWK.

Thomas Edison said, "Genius is one per cent inspiration, and ninety-nine per cent perspiration", so it is with the preparation of a yearbook. We begin with ideas which must be organized and re-organized and sketched out in rough form before, with a lot of hard work, they finally materialize into a finished product. Editing a yearbook is not a completely objective process. The stacks of layouts, pictures, and copy become almost like a living thing, to be treated with sincerity and honesty, and even loved a little. Being editor of the TOMAHAWK has been one of the highlights of my high school career. It has taught me the meaning of responsibility and hard work and rewarded me with a sense of accomplishment and wonderful memories I shall never forget.

A yearbook is the result of the combined effort of many people. I would like to thank the staff, student body, faculty, and administration for their cooperation and assistance in preparing it. I would also like to express sincere appreciation to Mr. John Spach, our representative from Hunter Publishing Company, and to Curry's Studio for their help in making this book possible. To the advertisers, I wish to express thanks for their financial support.

Special thanks go to Mrs. Cecilia Mims, our advisor, who has spent countless long hours guiding us and sharing with us both frustration and joy. For her devoted assistance and untiring effort, we wish to express admiration and gratitude.

It is with a feeling of sadness and joy combined that we present the 1968 TOMAHAWK. We hope that now and forever it will mean as much to you as it has, does, and always will mean to us.

Robert,
I want
to say how
much I have
enjoyed seeing you
around school this
year. Best of luck
to you always.

Love,
Hebbie
Lee

Robert,
It has been nice
knowing you this year.
Best of luck to a real
cute and sweet boy.
Love
Ray
